**'A really great example of your more progressive,  
modern and forward thinking ideas in music! Artio  
have really got that f\*cking nailed perfectly!'  
(Jack Saunders BBC Radio 1)**

Artio are about to unleash 'Shapeshifter: As Above' into the world. This is the bands 3rd EP and their most daring to date. The body of work features brand new tracks 'Teeth, Blublud & Dracula' as well as the critically acclaimed 'Billionaire Nightmare & Your Name'

This is not an EP for the faint hearted sonically which also lyrically addresses issues such as the global pandemic and its affect on the youth of today as well as bisexuality and finding escapism through video games.

**The rise of Artio over the past two years, since their inception has been incredible. The band are still in their teens and have graced stages large and small all over the UK . They have achieved global radio coverage with over 250,000 spotify streams and with interest from high level management, this is just the beginning of Artio's journey so make sure you are strapped in for one hell of a ride.**
