FOLLOWING THEIR DEBUT SINGLE "BLOOD BROTHER" AND THE ECO-ANTHEM "DANCING IN THE ASHES", ARTIO ARE SET TO RELEASE THE "SEDATIVE" EP ON MONOMYTH RECORDS.

Despite being only 17 the Leeds based synth pop trio have collectively written and produced this EP which lead singer Hol Brazill describes as "incredibly personal". Across the five tracks the group deal with themes spanning identity, self determination, female empowerment and mental health in attempts to "Find self love no matter the cost". The title track "Sedative" is a fiery beacon of hope promising that no matter the struggle "The sun's going to rise in the morning".

Having only played their first gig together in March 2019, Artio have already built a reputation as a formidable live band and will be supporting the release of the EP with a flurry of high profile shows introducing the world to the synth pop masterclass that is "Sedative".

"Hol's voice is frankly incredible. It's big, yes, but it has this tone that is captivating. And no it's not perfect, there are bits where it's cracking but I love those" (Local Sound Focus)
